

The office will be closed on 7/4/18

The FCS Family Picnic at the Hamilton Ruritan Grounds was a great success. Thanks to everyone who participated.

Staff changes: Please welcome Tabitha Millsaps to the foster care program.

DONATE: We recently added a DONATE option to our website for anyone interested in supporting our adoption program. In order to donate, click on "Donate" at the top of the screen. You will be redirected to that page and can select a dollar amount. Please help spread the news.

End of the fiscal year. Program Funds expire at the end of the fiscal year which is June 30. Expenditures made by June 30 use the old year's money. Expenditures after June 30 use the new year's money. Bills and reimbursement forms for the fiscal year ending June 30 must be submitted to your client supervisor by **July 20**. The date of expenditure determines which fiscal year's money is used. Do not mix expenditures from both years on the same reimbursement form. There is no need to spend all the money available to the client. Unused funds will be applied to other program needs. This procedure does not apply to client owned funds.

Client Vacations: Please remember that client vacations must be approved in advance. Communicate plans to your client supervisor as soon as possible so the team can determine what is necessary.

Lifesharing Substitute Care Incentive Payment: FCS lifesharing providers will use substitute care in another lifesharing home to give the primary caregiver a relief period without the client. Effective 5/1/18 FCS will pay the primary caregiver an incentive payment of \$25 per day when the individual is on substitute care for more than 12 hours. Incentive pay is limited to 30 days per fiscal year.

Community Home Back-up Pay: This stipend pay will end on 6/30/18 because we adequately increased our daily pay to fund this need.

Resource Parent Training: The FCS training classes are well underway. If you are scheduled for a class and cannot attend, please remember to cancel.

Free Training: The HCQU continues to provide monthly training opportunities at the Franklin County Annex Building. Caregiver training is available from 10 am-12 pm and consumer training is available from 1 pm-2pm. Caregivers are welcome to attend both topics but you are required to register for the classes. Upcoming caregiver training: 7/13/18 Summer Safety, 8/10/18 Urinary System, and 9/14/18 Gastrointestinal Disorders. Upcoming consumer training: 7/13/18 Summer Safety, 8/10/18 Hygiene, and 9/14/18 Grief. A wide selection of HCQU topics are available online that can be completed at your convenience and you can print the training certificate from home. Talk with your client supervisor for training details.

\$100 Bonus!

Do you have friends or family that may be interested in being a resource family, caregiver, or adoptive parent? Let us know! When they provide care for 30 days, YOU get \$100! Invite them to contact our recruiting team leader Andrea Adams, ext. 209, aadams@familycareservices.org.

Are you on Facebook? "Like" our FCS page for helpful articles and blogs, links to community and online trainings and events, and encouragement! Find us at www.facebook.com/FamilyCareServices

Summer Safety Tips

Lyme disease. Lyme Disease is caused by a deer tick bite. The deer tick is so tiny that an adult is about the size of the head of a pin. It is difficult to even see them. Check yourself and others for ticks carefully after being outside. If an unusual reaction occurs to an insect bite – particularly the characteristic bull’s-eye rash or flu-like symptoms after a possible deer tick bite – consult a doctor. Use insect repellent when visiting areas where you might encounter ticks.

Accident prevention. More accidents, including drowning, occur during summer months than at any other time. Teach safety as much as possible and supervise as needed to prevent these tragic accidents.

Sunburn. Many medications cause hypersensitivity to sunlight and severe sunburn can occur after just a few minutes in the sun. Pay attention to sunburn risk. Use sunscreen to avoid sunburn. If you are caring for anyone who is hypersensitive to sunlight, avoid the sun as much as possible and properly protect the skin with clothing and sunscreen. A person’s risk of skin cancer is greatly increased from just one bad sunburn.
